

ARTESIA BLVD IMPROVEMENTS CONSTRUCTION REPORTER

Issue 13

JULY 2004

A Publication of the Torrance Public Works Department – Editor: Craig Bilezerian, P.E.

The completed intersection of Artesia Blvd at Crenshaw Blvd (looking west). The new dual westbound left-turn lane configuration is shown above.

Reconstruction of the Crenshaw Blvd Intersection Is Complete!

Reconstruction of the intersection of Artesia Blvd and Crenshaw Blvd was completed on Tuesday June 22. New lane striping and crosswalks were painted and all travel lanes were re-opened. Traffic moves through the intersection more efficiently, due to the construction of an additional westbound left-turn lane on Artesia Blvd. Motorists will notice the improvement, especially during peak travel periods.

We wish to thank the residents and businesses in the vicinity of the intersection for your continued cooperation and patience during the construction.

JULY TRAFFIC INFORMATION

Artesia Blvd: Van Ness Ave to Western Ave
Traffic is reduced to one lane in each direction on a 24-hr basis between Van Ness Ave and Western Ave through July 2004. Please reduce your speed through the work zone.

CONTRACTOR

Sully-Miller Contracting Co.

Construction continues between Van Ness Ave and Western Ave!

In mid June, the contractor completed most of the reconstruction in the middle section of Artesia Blvd between Van Ness Ave and Western Ave. Construction then began on the outside travel lane and parking lane on the south side of Artesia Blvd. The work will include the construction of a new eastbound right-turn lane at the intersection of Western Ave, along the Arco Station.

On the north side of Artesia Blvd, work on the outside travel lane and parking lane will begin in a few weeks, after the relocation of underground utility services. All street construction should be completed in August 2004.

Construction on Artesia Blvd at Western Ave (looking east).

This newsletter will be provided on a monthly basis to residents and businesses in the vicinity of the project. If you have specific questions or concerns, please call Craig Bilezerian at (310) 781-6900.
